

Reference List For Biogas Flares

ANKA
Yenilenebilir Enerji

Completed Projects– LFG Flaring Systems

Gas Flaring System for Landfill Gas Plant (Phase 1) – Istanbul/Turkey

Company Name: ISTAC Inc. Istanbul Environment Management Industry And Trade Company

Website: www.istac.istanbul

At this plant, gas flaring system has capacity of 2000 Nm³/h gas flowrate was commissioned in the year 2019. It is a landfill gas to electricity power plant.

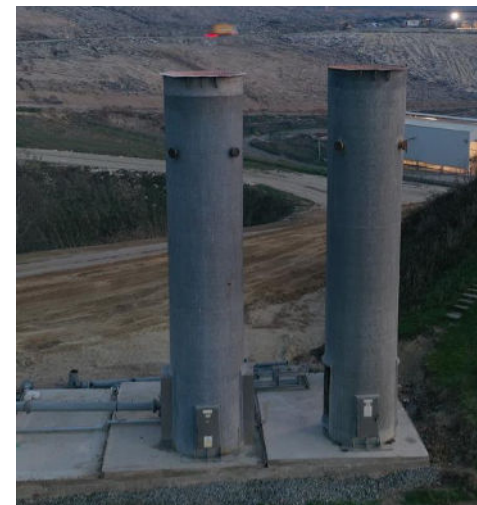

Gas Flaring System for Landfill Gas Plant (Phase 2) – Istanbul/Turkey

Company Name: ISTAC Inc. Istanbul Environment Management Industry And Trade Company

Website: www.istac.istanbul

At this plant, gas flaring system has capacity of 2000 Nm³/h gas flowrate was commissioned in the year 2020. It is a landfill gas to electricity power plant.

Completed Projects– Landfill Gas Flare - Ravda(250 Nm³/h)

Capacity: 250 Nm³/h

Year: 2020 / December

Location: Ravda / Bulgaria

Customer: ProStream Technik

Completed Projects– Landfill Gas Flare - Aitos(50 Nm³/h)

Capacity: 50 Nm³/h

Year: 2020/ July

Location: Aitos / Bulgaria

Customer: ProStream Technik

Completed Projects– Landfill Gas Flare - Kastamonu(150 Nm³/h)

Capacity: 150 Nm³/h

Year: 2021/September

Location: Kastamonu/Turkey (EU Project)

Customer: Gökşin İnşaat A.Ş.

Completed Projects– WWTP Biogas Flares - Cagayan De Oro (150 Nm³/h)

Capacity: 150 Nm³/h

Year: 2021 / October

Location: Cagayan De Oro / Misamis Oriental / Philippines

Customer: MTI Watertech Inc.–Axelum Resources Corp.
